## Introducción

Nos complace en enviar a usted el nuevo catálogo.

LINE-TEXT INTERNATIONAL proporciona PRODUCTOS Y SERVICIOS ESPECIALIZADOS a las empresas de Impresión y Convertidores, en el ramo de la Industria de Papel y Cartón

LINE-TEXT INTERNATIONAL ha mantenido su alto nivel de ofrecer Calidad, Visión y Servicio desde 1975.

Los Clientes de LINE-TEXT INTERNATIONAL, en base a nuestra asesoría, son líderes en el mercado. En los últimos años han desarrollado equipo y tecnología, logrando sus metas de productividad, poniéndolos a la vanguardia de nivel INTERNACIONAL.

En el presente catálogo encontrará las mejores líneas especializadas en el ramo, servicios de insuperable calidad, con precios competitivos. Nuestros tiempos de entrega no tienen barreras de idioma, ni de trámites aduanales; nuestra dinámica de Venta-Servicio está cimentada en el dominio de dos lenguas Ingles-Español, así como nuestra ubicación cerca de la frontera con México, nos permite dar agilidad a nuestros embarques.

Nuestra meta es de abrir las puertas a los mercados de México, Centro y Sudamérica, anticipándonos a la creciente cercanía del "Comercio sin Fronteras".

De interesarse en nuestros productos y servicios, le invitamos cordialmente a comunicarse con nosotros, LINE-TEXT INTERNATIONAL con gusto le asistirá en sus necesidades.

Agradecemos su preferencia y quedamos a sus atentas órdenes.

### Sistema de Pegamento Transversal

| DESCRIPCION                                                                                                                                           | PRECIO     |
|-------------------------------------------------------------------------------------------------------------------------------------------------------|------------|
| Aplicador (sin cilindro) para aplicación de hasta 18" de ancho. Incluye: Montura, provisiones de accionamiento, (1) Galón de pegante y tiras de hule. | 11,540.00  |
| Cilindro para medidas de 7" - 14" en incrementos de 1/2". Disponible con superficie grabada ó ranurada (formas de 3 2/3", 5 1/2" y 11").              | \$1,610.00 |
| Cilindro para medidas de 14" - 22" en incrementos de 1/2". Disponible con superficie grabada ó ranurada (formas de 4 1/4", 5 2/3", 8 1/2" y 17").     | \$1,850.00 |
| Cilindro para medidas de repetición no divisibles por 1/2". (Formas de 7 1/3" ó 11/13").                                                              | \$2,070.00 |
| Opción para aplicador de 20" ó 22" de ancho. Añadir                                                                                                   | \$590.00   |
| Opción para cilindros de 20" ó 22" de ancho. Añadir                                                                                                   | \$100.00   |

### Barra Portaplecas Cambio Rápido

| Nº DE PARTE                                                                                                                                                                         | PRECIO                                  |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------|
| La Barra portapleca cambio rápido para prensas y colectoras está fabricada por acero y está diseñada cilíndricamente en lo ancho y en profundidad para el uso de plecas estándares. | Para mas info.<br>Favor de comunicarse. |

## Cintas de Recubrimiento

## Cintas

### VELCRO 3M (2" x50 yds.)

Cinta de recubrimiento de rodillos, previene el transferimiento de tinta al mismo, evitando así el efecto de "Offset" en los mismos.

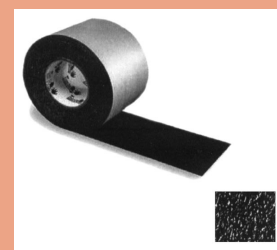

| CANTIDAD         | PRECIO    |
|------------------|-----------|
| Caja de 2 Rollos | \$ 230.00 |

### SAFETY WALK (2" x 60 Pies)

Cinta de recubrimiento de rodillos, de superficie antideslizante, asiste los rodillos a mantener el papel firme.

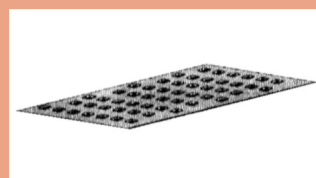

| CANTIDAD         | PRECIO   |
|------------------|----------|
| Caja de 2 Rollos | \$ 65.00 |

### METAL PERFORADO (1 - 1/2" x 500 Pies)

Es el más económico y eficiente, ofrece más años de uso con facilidad de limpieza. Requiere doble tira de cinta engomada por los dos lados para su instalación.

| CANTIDAD     | PRECIO    |
|--------------|-----------|
| 1 - 5 Rollos | \$ 102.00 |

| 1"             | 13/16"            | 3,000        | 5             | 12"           | 39.25       | 36.50       | 35.25        |
| 1"             | 13/16"            | 6,000        | 5             | 17"           | 76.50       | 73.50       | 69.25        |

La aplicación de éstas cintas sobre una superficie limpia, plana y seca resulta en una transferencia de pegante adhesivo transparente, permitiendo así, que el área impresa no quede bloqueada.

### CINTA BLANCA - OPACA

| ANCHO DE ROLLO | ANCHO DE ADHESIVO | LARGO (PIES) | ROLLOS x CAJA | DIÁMETRO EXT. | 1 - 3 CAJAS | 4 - 9 CAJAS | 10 - + CAJAS |
|----------------|-------------------|--------------|---------------|---------------|-------------|-------------|--------------|
| 1/2"           | 5/16"             | 3,000        | 10            | 12 3/4"       | \$ 20.55    | \$ 19.55    | \$ 18.55     |
| 3/4"           | 9/16"             | 3,000        | 7             | 12 3/4"       | 27.95       | 25.90       | 24.85        |
| 1"             | 13/16"            | 3,000        | 5             | 12 3/4"       | 37.25       | 34.50       | 33.15        |

Cinta de color blanco con propiedades de adherencia mediana que evitan el descoloramiento particularmente en aplicaciones sobre papel liviano.

### PERMANENTE

| ANCHO DE ROLLO | ANCHO DE ADHESIVO | LARGO (PIES) | ROLLOS x CAJA | DIÁMETRO EXT. | 1 - 3 CAJAS | 4 - 9 CAJAS | 10 - + CAJAS |
|----------------|-------------------|--------------|---------------|---------------|-------------|-------------|--------------|
| 1/2"           | 5/16"             | 3,000        | 10            | 12 3/4"       | \$ 23.50    | \$ 22.50    | \$ 21.50     |
| 3/4"           | 9/16"             | 3,000        | 7             | 12 3/4"       | 29.50       | 27.50       | 26.50        |
| 1"             | 13/16"            | 3,000        | 5             | 12 3/4"       | 39.25       | 36.50       | 35.25        |

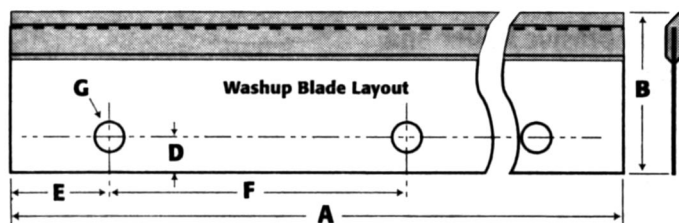

Debido a las altas propiedades de adherencia, la cinta Permanente provee una capa laminada sobre la cara desprendible permitiendo su transferencia fácil sobre el área de aplicación.

## Accesorios

## Lámpara Estroboscópica

La Lámpara Estroboscópica representa uno de los más esenciales y prácticos accesorios de prensa. Esta le permite al operador inspeccionar el registro, numeración, perforación y cualquier otra sección de la prensa mientras se encuentra en funcionamiento y sin tener la necesidad de reducir su velocidad. El contacto doble activa (2) reflectores facilitando a los operarios verificar el registro en varias secciones de la prensa simultáneamente, ideal para trabajos en prensa de multicolores y con numeración.

### NUMERADORA MANUAL

### PRECIO

STANDARD 9 DIGITOS - 3/16 Gótica  
Avance sólida con tintero  
Disponible con 7 - 9 Dígitos

\$ 495.00

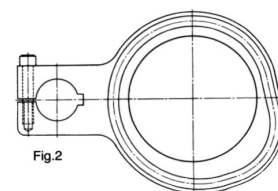

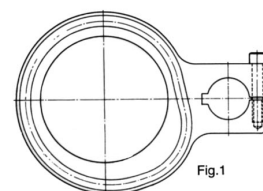

## Bielas (Levas)

Los discos de Levas (Bielas) Leibinger con vía de leva bilateral en ejecución de precisión, fabricadas con acero mejorado para herramientas y sometido a un tratamiento final especial de superficies, para todas las máquinas rotativas y colectoras. Las Levas divididas son suministradas en casi todos los desarrollos de impresión. Esta ejecución se aplica cuando tienen que montarse posteriormente discos de levas, sin necesidad de extraer el árbol numerador.

### CIRCUNFERENCIA

| BIELA | SOLIDA   | DIVIDIDA  |
|-------|----------|-----------|
| 14"   | \$450.00 | \$ 665.00 |
| 17"   | 415.00   | 620.00    |
| 21"   | 415 00   | 620 00    |
| 22"   | 415.00   | 620.00    |
| 24"   | 450.00   | 665.00    |
| 26"   | 490.00   | 680.00    |

## Numeradoras - Leibinger

## Anillos

### CIRCUNFERENCIA

| ANILLO | SOLIDA    | DIVIDIDA  |
|--------|-----------|-----------|
| 14"    | \$ 300.00 | \$ 450.00 |
| 17"    | 205.00    | 370.00    |
| 21"    | 280.00    | 430.00    |
| 22"    | 205.00    | 370.00    |
| 24"    | 205.00    | 370.00    |
| 28"    | 425.00    | 595.00    |

## Porta Clichés

Los porta clichés se colocan sobre el mismo anillo de asiento que los numeradores y sirven para imprimir adicionalmente palabras y nombres de copias, como por ejemplo "copia original", "duplicado", "triplicado", "factura", "comprobante de envío" ó "Lista de Empaque", etc. Imprimen simultáneamente a los mecanismos numeradores y con la misma tinta en que se imprimen los números. Los porta clichés pueden obtenerse en diversas ejecuciones. Porta clichés de 45 x 45 mm, adecuado para. Mecanismos numeradores rectos. Porta clichés de 35 x 45 mm, adecuado para mecanismos rectos y transversales

Porta clichés Sencillo \$ 215.00  
 Porta clichés Doble \$ 370.00

## Rodillos para Entintar Papel

## Rodillos para Entintar Papel

### Didde Graphics rodillos para entintar papel

#### DG-1700-T1 Rodillo entintador

La fórmula habitual de la goma sintética está comprimida y moldeada exactamente al acero, para mejor control de la distribución de la tinta. Incluye nuevos soportes y cerraduras para un reemplazamiento directo.

| Diámetro Exterior | Largo de Superficie | Superficie completa | D.G. N° de Parte |
|-------------------|---------------------|---------------------|------------------|
| 1 1/4             | 14 1/2              | 15 1/16             | 317-502          |

#### DG-1700-T2 Rodillo para trasferencia de tinta

Transferencia con precisión de la tinta fluida proviene por esta L-O-R reemplazamiento de rodillo de transferencia para la unidad de entintado. Goma sintética permanente. Incluye soportes con precisión para uso prolongado.

| Diámetro Exterior | Largo de Superficie | Superficie completa | D.G. N° de Parte |
|-------------------|---------------------|---------------------|------------------|
| 2 1/4             | 14 1/2              | 16 1/4              | 317-504          |

#### DG-1700-T3 Rodillo para distribución de tinta

Super goma sintética afilada y pulida de éste rodillo de distribución admite, un preciso entintado de bobina. Incluye soportes de alta velocidad para su uso conveniente.

| Diámetro Exterior | Largo de Superficie | Superficie completa | D.G. N° de Parte |
|-------------------|---------------------|---------------------|------------------|
| 2                 | 14 7/16             | 16 1/4              | 317-507          |

### Didde Graphics rodillos para entintar papel

#### DIDDE GRAPHICS "CONSERVER" RODILLO Formador DE TINTA

Viene en dos presentaciones para DG "860"

DG-1702-J-A 7 5/8" Para identificar el reemplazo para su caso particular debe de tomar precaución, éste rodillo es identificable por la dimensiones de la flecha 7 5/8".

DG-1702-J-B 7 5/16" Este rodillo no es intercambiable. Para identificarlo su medida es de 7 5/16"

#### "QUAD FLOW" RODILLO TOMADOR DE AGUA

Viene en dos presentaciones para DG "860"

DG0-860-14-A Esta versión de rodillo distribuidor de agua se identifica por la falta de cortes en las puntas del eje, la colocación no se engancha.

DG-860-14-B Este Rodillo similar pero intercambiable se reconoce por el corte en las puntas del eje. Al instalarse se engancha en los cortes del eje.

#### "QUAD FLOW" RODILLO Formador DE AGUA

Viene en dos presentaciones para DG "860"

DG-860-15-A La flecha más extensa de proyección de ésta versión original debe medir 2 1/32"

DG-860-15-B La flecha más extensa de proyección de ésta versión original debe medir 3 7/8"

73

## Par de Rodillos de Tinta Contacto Constante

- Distribución de tinta constante.
- Capacidad de incremento reserva de tinta.
- No requiere modificación de Prensas.

La instalación del rodillo especial de oscilación de tinta con el par de rodillos de tinta "contacto constante" dramáticamente aumentará la habilidad para esos trabajos difíciles de imprimir. Referir a la sección de la prensa para número de parte y especificaciones.

## Oscilación Jumbo de Rodillo de Tinta

### Rodillo Completo

Rodillo Completo para uso inmediato. Equipado con grasa para lubricar el mecanismo de oscilación. Goma firme que cubre un diámetro de acero de 4". Movimiento de 1/2 Golpe de oscilación.

### Herramienta de conversión

No incluye mecanismos de oscilación. Diseñado para convertir la pequeña Hamada original en Rodillo tamaño Jumbo para incrementar la capacidad de reserva de tinta.

### Biela para tinta

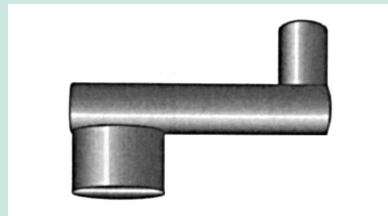

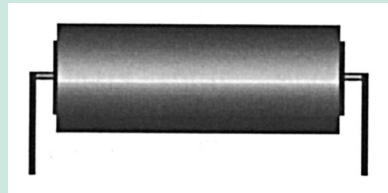

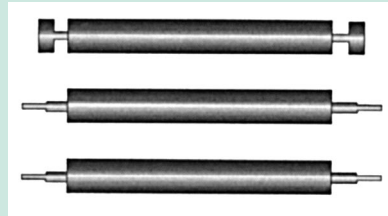

Biela para tinta L-O-R provee un firme y parejo movimiento de la tinta para trabajos rápidos de impresión y recuperación de tintas mientras la máquina está en movimiento.

## Botella de fuente de Agua

- 1/4 de Medida
- Irrompible
- Sin resortes no corrosivo valvula de Aluminio

Botella y tapadera desplomable. Sin resortes que se oxiden o corroen. Válvula de Aluminio sin gotero. La Botella es graduada en onzas, fácil de limpiar con detergente, duradero.

## Rodillos para Prensa

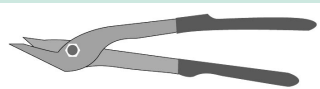

## Accesorios

La Serie Beverly SS viene en dos presentaciones con el diseño más avanzado para todo tipo de cortes pequeños y de mínimo peso. Mantiene las dos navajas en perfecta alineación para asegurar un corte limpio. \$ 295.00

## Accesorios Varios

### REGLAS DE ACERO INOXIDABLE

La regla perfecta para medir cualquier tipo de impresión.  
Disponible con el Logotipo de su Empresa con un cargo Adicional.

|          |          |         |         |
|----------|----------|---------|---------|
| CANTIDAD | 50       | 100     | 200     |
| PRECIO   | \$ 10.00 | \$ 9.75 | \$ 9.50 |

### CONTROL DE CALIDAD DE LA FUENTE

|                                               |          |
|-----------------------------------------------|----------|
| MHO - Medidor de PH en fuentes de NO alcohol. | \$ 75.00 |
| PH - Medidor de PH en fuentes de Alcohol.     | \$ 58.00 |

### ESPATULAS FLEXIBLES DE ACERO

Para el uso de tintas, disponibles en tres (3) tamaños.

|                 |         |
|-----------------|---------|
| 1-1/4" de Ancho | \$ 4.00 |
| 3" de Ancho     | \$ 5.00 |
| 5" de Ancho     | \$ 5.25 |

### ESPATULAS FLEXIBLES DE POLIPROPILENO

Para el uso de tintas, paquete de tres tamaños, fabricado de Polipropileno suave:

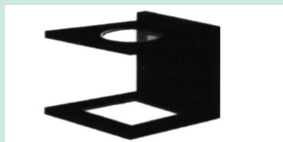

|                         |                            |
|-------------------------|----------------------------|
| 3" x 7 1/2" = \$ 12.05, | 3" x 4 1/2" = \$ 14.60     |
| 4" x 4" = \$ 12.85      | 5 1/2" x 4 1/2" = \$ 14.00 |

### LECTOR DE CHEQUES

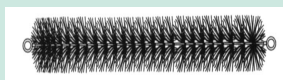

Es un microprocesador que se basa en detectar la calidad de la señal de la impresión de la tinta en los cheques.

*Consúltenos para más información*

### CUENTA HELOS

Para el uso de proceso de impresión para todo operador, supervisor que requiera una minuciosa inspección de la impresión. Se dobla para guardarse dentro de una bolsita de plástico que viene incluida. Lente de 1" \$ 18.50

### ELIMINADOR DE ESTÁTICA DE FIBRA NATURAL

|              |          |
|--------------|----------|
| Rollo de 72" | \$ 20.00 |
|--------------|----------|

## Accesorios Varios

### CADENAS PARA COLECTORAS

Schriber/ Harris

Para Colectoras de modelo más reciente cadena #40 \$ 2.75 Pulg.  
Para modelos más antiguos cadena #41 \$ 2.75 Pulg.

### AEROSOL ADHESIVO

Caja - 3M Súper 77 Aerosol Adhesivo \$ 9.95 c/u

### RUEDAS DE EMPUJE Y ROLLO ALIMENTADOR

Contamos con una gran selección de medidas y tamaños.  
*Consúltenos para más información*

### BROCHAS

Contamos con una gran selección de medidas y tamaños.  
*Consúltenos para más información*

### PLUMA LANZADORA DE TINTA

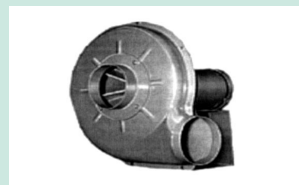

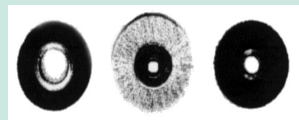

Aerógrafo de mezcla interna, acción simple incluye accesorios.  
Para marcar cajas. \$ 89.00  
*Consúltenos para más información*

### CEPILLOS GIRATORIOS

Contamos con una gran selección de medidas y tamaños.  
*Consúltenos para más información*

### MOTOR DE EXTRACCIÓN DE REFINE

Viene en dos presentaciones en Acero y Aluminio se recomienda más el de Acero. Equipado con motor de enfriamiento de 3/4 HP.  
Favor de especificar de fase simple 115/220 VAC ó Tri-fase 230/460 VAC.  
*Consúltenos para más información*

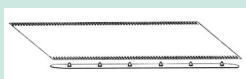

## Accesorios Varios

### EXTRACTOR DE MATRICES

Permite remover las matrices marginales en un sólo paso sin necesidad de retirar la anilla de los ponchos.

\$36.95

### VERIFICADOR DE REGISTRO-TENSION

Regla de acero inoxidable, garantiza precisión de  $\pm 1/3000$  de pulgada.

\$95.00

### CILINDROS NEUMÁTICOS BIMBA

Contamos con una gran selección de medidas y tamaños.

*Consúltenos para más información*

### DUROMÉTRO

Control y Calidad del hule de el Rodillo

\$ 230.00

### MINI DUROMÉTRO

Control y Calidad del hule del Rodillo

\$ 305.00

### PROBADOR DE ALCOHOL

1 a 12 % Alcohol

\$ 17.00

5 a 28 % Alcohol

\$ 13.00

### MEDIDOR DE ESPESOR DIGITAL

Instrumento de Alta Precisión para tomar medidas de espesor de papel, láminas, cartón, etc.

\$ 145.00

### MEDIDOR DE ESPESOR ANÁLOGO

Instrumento para tomar lectura rápida de todo tipo de papel, láminas, plásticos, etc.

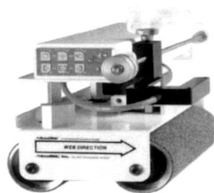

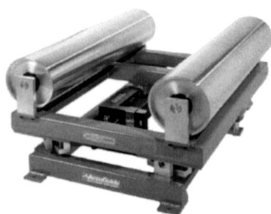

\$ 95.00

81

## Equipo Auxiliar

### ALINEADORES DE BANDA PARA DIFERENTES PRENSAS

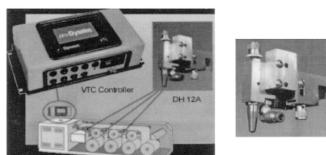

*Consútenos para más información*

### CONTROLADOR EN PATRON PARA ENGOMADORA DE FORMAS CONTINUAS

Ventajas de Dynatec:

- Controles Individuales de hasta 64 cabezas/estaciones de Aplicación.
- Índice de Operación, Programa en Pantalla para seleccionar en 4 idiomas
- Programa de Ajustes mientras que el sistema está en operación.
- Programa de Diagnóstico.
- Diseño Modular para fácil sistema de expansión.

*Consútenos para más información.*

## Teñidora Color Tint

Teñidora Color Tint (CT) ofrece la más reciente tecnología en aplicación de anilina en base a alcohol, capacitando la misma para ser equipada posteriormente para aplicar anilina en base a agua\*\*. La CT incluye un patentado sistema para imprimir sólidos o fondos grabados con método flexo-laser, en la cara y/o reverso de la banda de papel. Disponible para ser utilizada dentro de línea con su prensa, ó fuera de línea con su procesador ó rebobinador, la CT utiliza un superado sistema de aplicar-sin-estirar la banda mediante rodillos que asisten el paso de la banda evitando excesiva tensión y así variaciones de estiramiento ó de Formadoraciones de la misma manteniendo, consecuentemente, la precisión de registro durante el proceso de entintado.

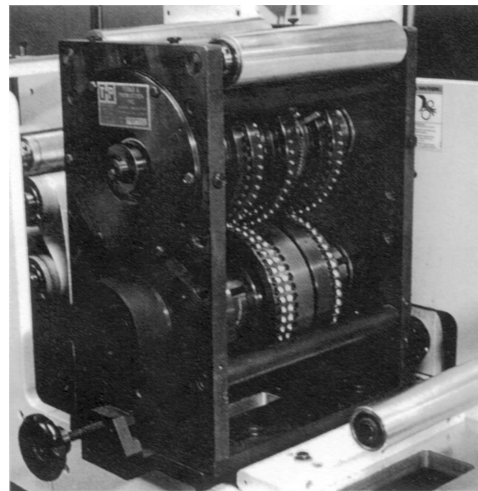

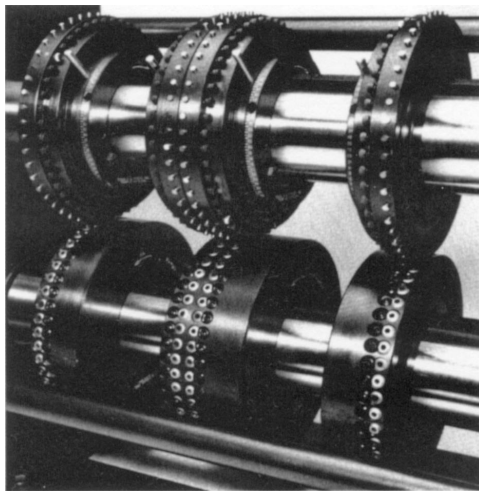

*Consútenos para más información.*

## Anillos Perforadores Nueva Generación

### MARATHON PUNCH™

ANILLOS PERFORADORES MARATHON PUNCH™ es un revolucionario concepto en perforación rotativa que le ofrece menor desgaste, mayor duración de los punzones (ponchos) y facilidad de arreglo. Las distancias fijas centrales utilizadas por los anillos convencionales han sido eliminadas con los nuevos ANILLOS PERFORADORES MARATHON PUNCH™, y así los engranes que requerían ajuste y sincronización.

Con éste nuevo concepto de anillo, la matriz es arrastrada por el poncho y la penetración apropiada de la perforación se controla mediante una excéntrica de muy alta precisión. Se reduce el costoso tiempo muerto ya que cada perforadora ahora se ajusta precisamente a cada punzón (poncho), eliminando los ajustes de sincronización, desbarbe y reajuste de la superficie de corte del punzón (poncho).

ANILLOS PERFORADORES MARATHON PUNCH™ Están fabricados con alta precisión para alcanzar tolerancias exactas con equipo de control numérico. Su diseño "conjuntado" permite ajustes y movimientos laterales y facilidad de repasar la banda de papel. Los punzones (ponchos) y matrices están especialmente diseñados para durar millones de revoluciones. Cuando los punzones (ponchos) empiezan a desgastarse, simplemente invértalos para que se usen por el lado opuesto. Los punzones (ponchos) también se prestan a ser re-afilados para extender su duración. La profundidad de perforación se puede variar después del afilado mediante el ajustado del sistema excéntrico. ANILLOS PERFORADORES MARATHON PUNCH™ garantizan ahorro de su tiempo y dinero por la facilidad de arreglo ya que son punzones (ponchos) de alta duración.

Reduzca el tiempo de instalación de perforado agregando ahora mismos sus ANILLOS PERFORADORES MARATHON PUNCH™ son los mejores a largo plazo.

## Anillos Marginales y de Archivo

## Indicaciones

Al ordenar anillos, favor de indicar:

- 1) Posición del Cuñero  
 (Alineado sobre un poncho  
 ó entre dos ponchos)
- 2) Dimensión del Cuñero  
 (Ancho X Profundo).

## Hojeadoras

Hojeadoras de alta velocidad variable. Tenemos 3 modelos disponibles para cualquier aplicación.

### ESPECIFICACIONES:

Medidas variables de 7" mínimo a 24" máximo  
 3 Modelos Estándar para bobinas de 12", 20", 26" y 32" de ancho  
 Corte fino  
 Portátil - rodada de prensa a prensa  
 Stock 15Lbs. a 125 Lbs.  
 Entrega en solapada  
 Motor de Banda de tiempo  
 Velocidad de hasta 500 fpm  
 Corte de Tolerancia +/- 0.1 0"  
 Incluye un cambio de engrane y eliminador de estática

### OPCIONES:

Empalmador  
 Recibidor de Alta capacidad  
 Inserto de chip  
 Separador con navaja de corte  
 Contador electrónico con Marcador  
 Cambio extra de engranes  
 Ensamble para Desenrollar  
 Ensamble para conectar  
 Engrane de 1/3"  
 Navaja Extra  
 Mesa de extensión de 22"

## BS500 Aplicadora y Acomodadora

Apiladora y acomodadora de hojas, su operación es exacta y eficiente, acumula y acomoda el producto final listo para empacar en cajas o sujetar con bandas ó envolver en plástico. Contador automático exacto de producto entre 4" a 22" de largo opera a velocidad de 500 fpm o 1000 fpm cortes por minuto. (De acuerdo al límite)

### ESPECIFICACIONES:

- 7" a 14" de profundidad
- Contador Electrónico
- Engrane lateral con banda de tiempo
- Velocidad de producción de 600 fpm
- Operación de corriente individual o doble
- Rodillos de tensión
- Rodillos de control de cantidades

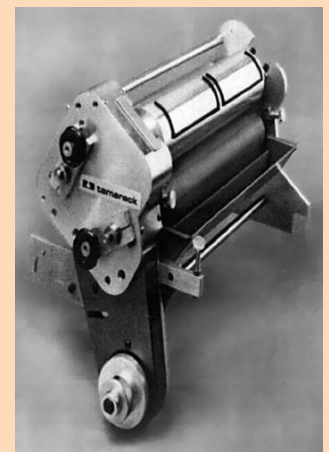

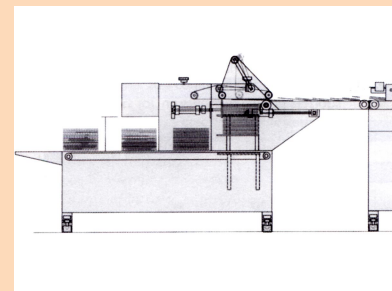

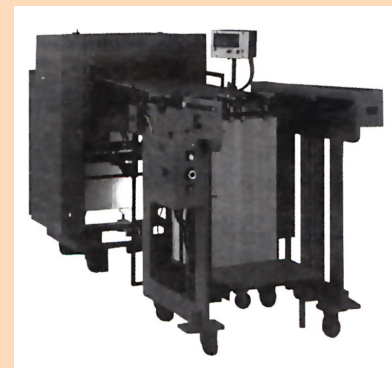

### OPCIONES:

- Conexión adicional para prensas
- Ancho de bobinas 4" a 20" de ancho
- Ajustador ancho de Material
- Con ruedas
- Numerador
- Contador de paquetes variable
- Banda de Alta velocidad
- Ajustador corto y largo
- Cambio de Engranes Adicional
- Conexión adicional para colectora

## Sistema de Pegamento Transversal

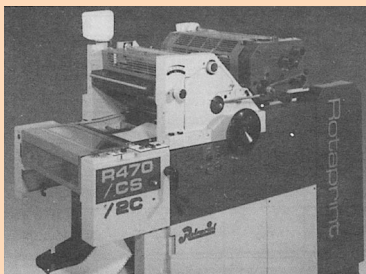

| DESCRIPTION                                                                                                                                       | PRECIO     |
|---------------------------------------------------------------------------------------------------------------------------------------------------|------------|
| Aplicador (sín cilindro) para aplicación de hasta 18" de ancho. Incluye: Montura, provisiones de accionamiento, (I)                               | 11,540.00  |
| Galón de pegante y tiras de hule.                                                                                                                 |            |
| Cilindro para medidas de 7" - 14" en incrementos de 1/2". Disponible con superficie grabada ó ranurada (formas de 3 2/3", 5 1/2" y 11").          | \$1,610.00 |
| Cilindro para medidas de 14" - 22" en incrementos de 1/2". Disponible con superficie grabada ó ranurada (formas de 4 1/4", 5 2/3", 8 1/2" y 17"). | \$1,850.00 |
| Cilindro para medidas de repetición no divisibles por 1/2". (Formas de 7 1/3" ó 11/13").                                                          | \$2,070.00 |
| Opción para aplicador de 20" ó 22" de ancho. Añadir                                                                                               | \$590.00   |
| Opción para cilindros de 20" ó 22" de ancho. Añadir                                                                                               | \$100.00   |

## CS2C Prensa De Paquete a Paquete

Prensa compacta para Formadoras continuas diseñada para Formadoras computarizadas en el mercado. El diseño básico es de 2 colores, unidad de offset húmedo de medidas variables de 6" a 17". Paquete a paquete de papel ya procesado. Un microprocesador registra una segura y correcta impresión, sin dañar las perforaciones de las hojas laterales mantiene un apropiado estiramiento de la hoja. La imagen impresa se puede registrar mientras la maquina se encuentra en movimiento. Cambio de circunferencia sin necesidad de cambiar el cilindro de impresión es posible sólo con un oprimir el botón que controla los movimientos del papel rápido y eficiente. Placa de una sola medida, se utiliza para todas las Formadoras continuas. Un sistema de mojado eficiente y un compresor tren de tinta, con 11 rodillos de impresión para cada torre de color, asegura alta calidad con dos rodillos por cada placa.

### ESPECIFICACIONES:

- Máximo ancho de Bobina 18.5"
- Máximo peso de papel 44# Bond
- Mínimo peso de papel 10# Bond
- Tamaño de Impresión 6" a 17"
- Velocidad de Impresión 6000 IPH
- Ancho de Placa 006"
- Ancho de Mantilla .075"
- Velocidad de más de 350 FPM
- Poder: 220V, single phase, 60/50 Hz.

### EQUIPO ESTANDAR:

- Impresión de 2 colores con mantilla
- Botón de Control
- Bobina de Avance y Retroceso en movimiento
- Tractor de alimentador y entrega
- Detector de problemas en bobina
- Empalmador
- Mesa de entrega automática descendiente
- Segundo color se puede retirar con palanca deslizadora.

## 18" Micro Procesador

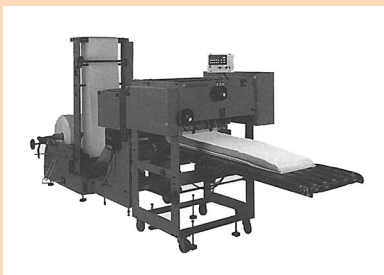

Es el procesador de papel más económico, es ideal para cuando la demanda de producción es menor.

### ESPECIFICACIONES:

- Variedad disponible de 10" a 24"
- Diámetro desbobinador de 40"
- Unidad de Procesador con:
  - 2 posiciones de perforador en cruce
  - perforador lineal
  - corte lineal
- Serie 500 espiral
  - Ajustador en movimiento
  - Contador electrónico
  - Mesa de entrega motorizada
  - Máxima velocidad 400 fpm
  - Electricidad de 230V fase singular 60 Hertz

### EQUIPO OPCIONAL:

- Teñidora de Papel
- Perforador en cruce adicional
- Unidad de perforador
- Ensamble de impresión
- Retorno
- Guía de Bobina
- Flechas Neumáticas
- 100 Placas de corte

## 20" Micro Procesador

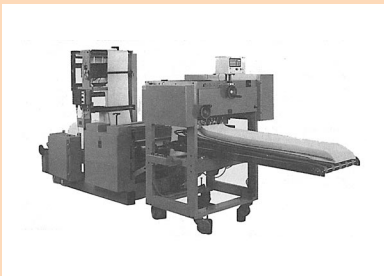

Es el procesador más vendido es perfecto para mayor producción, para procesar papel cuando se requiere mayor velocidad y bobinas son requeridas.

### ESPECIFICACIONES:

- Variedad disponible de 10" a 24"
- Diámetro desbobinador de 40"
- Unidad de Procesador con:
  - 2 posiciones de perforador en cruce
  - perforador lineal
  - corte lineal
- Serie 1000 espiral
  - Ajustador en movimiento
  - Contador electrónico
  - Mesa de entrega motorizada
  - Máxima velocidad 750 fpm
  - Electricidad de 230V fase singular 60 Hertz

### EQUIPO OPCIONAL:

- Teñidora de Papel
- Perforador en cruce adicional
- Unidad de perforador
- Ensamble de impresión
- Retorno
- Guía de Bobina
- Flechas Neumáticas
- 100 Placas de corte
- Producción de Doble Ancho

## Tabla de Conversiones

| CONVERTIR       | A                | MULTIPLICAR x |
